

# VERY HIGH YIELDING, FLEXIBLE FEED WHEAT.

*Grow to expect the best*

## RGT GRAVITY

**G4 WINTER WHEAT**

TYPE:  
**GROUP 4**

SPECIES:  
**WINTER WHEAT**

END MARKET:  
**FEED**

### CHARACTERISTICS:

- > Very high yielding.
- > Suits main and late drilling slots.
- > OWBM resistance.
- > Suited to all soil types.
- > Excellent first and second wheat.
- > Consistent and reliable.

RGT Gravity is one of the highest yielding Group 4 winter wheats on the 2020/21 Recommended List. It had an excellent year on farm last season, performing consistently as a first or second wheat, across all regions and soil types. RGT Gravity also features good agronomic scores.

RGT Gravity.  
Recommended  
List 2021/22.
